- (a) the interest, ability and potential of the candidate to study their chosen field;
- (b) the existence and severity of any disadvantages or barriers which may prevent or impede the candidate from their chosen field;
- (c) the candidate's motivation, commitment and disposition to benefit from third-level education and to complete the course of study successfully; and
- (d) the candidates' personal statements will bear strongly on their likelihood of success.

The onus is on the candidate in completing the Application Form, particularly the personal statements, to demonstrate the degree to which he/she meets these criteria.

Please note that in general scholarship recipients to date have received in excess of 550 CAO points in their Leaving Certificate examinations.

The Selection Panel will prepare a shortlist of candidates and some candidates may be required to attend an interview with the Selection Panel. The interviews will principally focus on the candidate's application and the degree to which he/she meets the selection criteria. The interviews will be conducted after completion of the Leaving Certificate. Candidates to be called for interview will be given one week's notice of the date, time and location of the interview. There may also be phone interviews.
